

Venetian Tiara (Detectives Gitta and Pompom Book 3)

In the third book of the mystery series by Agnes Maria Trifontaine we meet Andy, Gitta's cousin. Andy hates Venice, one of the most beautiful cities in the world, because he had very different plans. Meeting an extraordinary boy, who turns out to be a girl, opens his eyes. Gina is the perfect guide to introduce him to the wonders and magic of her city. But who is Gina? A duchess? A tourist guide? A gondolier? And who is the mysterious stranger with a face like a pirate? Is the famous tiara in danger of being lost? Will the family of di Monteverdo survive without it? These and other questions have to be answered. Andy turns detective, like his cousin, to do so. However, being arrested is not part of the plan. Read about the amazing discoveries Andy makes and about the wonderful solution to a heartbreaking problem. Keep your eyes peeled for the new installment to the series, Arrest That Ghost, which brings all the characters together at an ancient castle. Do ghosts exist and are they dangerous? Finding the answer to this question takes some expert detective work. Pompom investigates with the help of her friends.
