

## Art from the Islamic Civilisation: From the Al-Sabah Collection, Kuwait

On the occasion of the Kuwait National Day in February 1983, Sheikh Nasser and Sheikhah Hussah offered their country the inestimable gift of the permanent loan of their collection to the National Museum of Kuwait. This volume illustrates 300 from among the most beautiful objects in the Collection and, for those exploring the Islamic world for the first time, describes its culture and art on a chronological (from the early days to the great 16th-century empires) and thematic basis (calligraphy, geometric decoration, arabesques and figurative art). Lastly, there is a section dedicated to jewels, for which the collection is renowned worldwide.
