

## Close Encounters (Nancy Drew (All New) Girl Detective Book 21)

Could aliens actually exist in small-town Vermont? Nancy suspects not...Nancy, Bess and George have driven from River Heights to northern Vermont to visit a friend of George and her moms who owns a quaint, touristy small restaurant/cafe in a town near a major ski resort. They are amazed that though it is past the height of foliage season, and barely ski season, there is a traffic jam of cars waiting to catch a ferry; they decide to drop out of line and drive to a local diner. When they question the waitress about what is going on, she is surprised they haven't heard but there have been repeated and credible UFO sightings over the border in ski country in Vermont. George jokes about little green men in snowsuits. Bess suggests the men are red but wearing green snowsuits. Nancy simply cracks up, but grows serious when the waitress reveals that even Federal government investigators have been called in--Vermont is turning into a North Country Roswell, New Mexico! It's been great for business, here and throughout northern Vermont, particularly for the town at the foot of the ski resort, but were all getting a little tired of the crowds, the waitress confides.
