

Listen & Learn Modern Greek (CD Edition) (Dover Language Guides Listen and Learn)

Using the phrase method advocated by most language authorities as the fastest and most efficient approach, this system for learning Greek will produce remarkable results, even if the student has never studied a foreign language. Teacher-tested and -approved special features include two dual-language CDs with 90 minutes of recorded speech by native speakers (Each phrase and sentence is spoken first in English and then in Greek, followed by a pause for repetition.); a convenient manual that contains a phonetic pronunciation guide; and an index for locating words and phrases. Perfect for people with limited study time, this is the ideal language course for home study or with a portable CD player in a car, plane, or hotel room. Excellent . . . impresses me as being among the very best on the market. Mario Pei, former Professor of Romance Languages, Columbia University.
