

An Introduction to the Catalan and Valencian Languages: From One Novice to Another

PLEASE NOTE: This is the larger paperback version of this book which ideal for desk study and taking notes, etc. A smaller (6 x 9) paperback version is now available with CreateSpace under the name Catalan and Valencian: On the Go. Heres a book intended for those who want a basic knowledge of the Catalan and Valencian languages as well as an appreciation of the differences between the two written by someone who has lived in Valencia for the last several years. Please note: this is NOT a tourist phrase book, although it does contain basic phrases which are useful in everyday life, rules for pronunciation, important vocabulary and basic grammar. While the Kindle version of this book is a bargain buy at approximately 3\$ or the equivalent in pounds and euros, I apologize that the paperback version is necessarily more expensive for logistical reasons. However, I have made it available in paper form to offer that choice to those who prefer to buy a paperback rather than a book in digital format. This book includes the following: 1. Introduction and Pronunciation 2. In Class and Greetings 3. People, Professions and Introductions 4. Place of Origin and Residence 5. Describing People, Clothing and the Body 6. Days, Numbers and Dates 7. Telling Time 8. Talking about the Weather 9. Activities and Places 10. Food and Drinks 11. Animals and Nature 12. At Home 13. Adjectives 14. Basic Grammar
