

# Faith, Foolishness, & Familiarity: Why So Many Christians Are Struggling with Their Walk

More than ever before, Christians are struggling in their relationship with God, especially in the area of faith. Many tend to view faith from the aspect of simply belief. But, God views it as so much more than that. Faith to Him should be the substance of ones hope. It should even be grasped upon as solid internal evidence and not just a gut feeling. Here within Faith, Foolishness, & Familiarity: Why so many Christians are struggling with their walk? Mark L. Kelsey helps awaken the soul, and challenges Christians to reevaluate what they have believed faith to be for far too long. He opens up pertinent and candid revelation on what God sees faith as versus what many Christians have redefined it to be. Mark presents his findings through 3 encompassing observations that will compel you to deal with an invigorating reality of what faith in God is truly all about. Through countless scripture passages, a direct approach, delightful humor, and warm heart Mark will suck you into every single page. You will laugh, cry, learn, feel some conviction, and be newly motivated into embarking onto lifes future with reassured hope that your faith-walk will lose repetitive past struggles that youve so lacked answers to.
