

## Ancient Conflict: Truth

When Janice Carter left church that morning, she had no idea her life would change forever. What had been a simple life suddenly got more complicated. After dying and being resurrected by Lucifer, she is forced to face the truth and enter into a battle with God. She must convince the world of Gods lies, have it suffer the consequences. The more God/Iam terrorizes her; the more determined she is to win. In the end she is fighting for the well being of her own family and friends, as well as that of mankind. To win this battle she must rely on wits alone. Her only ability is being able to see past the alternate reality that Iam/god creates for his on devices. When everyone else looks at churches, they see a place of peace and goodwill. When Janice looks at them, she sees a place that is dark and foreboding, with spires reaching into the dark clouds above.
