

Activate Your Secret Power Within

God created man in such a way, that as we live in these human bodies we can still have contact with Him in the Spiritual Realm. Our physical bodies were made to relate to a 3-Dimensional World while our spirit man (inner man) was created to have intimate fellowship with God The Creator. Because man is a spirit created in the image of God it is imperative that he understands the importance of interacting in the Spiritual World, and learn how to use his Spiritual Supernatural Power to procreate. To use supernatural power means we must activate the human spirit to take control over the physical world. God has placed an organ called the Pineal Gland which is situated between the Eastern and Western Hemisphere of our brain. When the pineal gland is activated a hormone called melatonin is secreted which helps a person to transition into the Spiritual World. This book will help you understand the process of getting the Spiritual Dimension where you can take control over things in the Physical Dimension.
