This do-it-yourself book is life-changing and fun. It is also authoritative, written by award-winning global financial thought leader, George Kinder, with former New York Times personal finance columnist, Mary Rowland. The book will inspire you with stories of how people have made the changes they needed in order to live the life of their dreams. Now you can do it, too.

About Life Planning for You: A triumph! Destined to become one of the most influential books of our time. I found it fascinating, refreshing, educational, practical and uplifting. Kinders self-help exercises, his case studies, stories and five visions of Life Planning are always inspiring, often deeply moving. He and Mary Rowland provide an exceptional guide to how to find a financial adviser you can trust including a history of the fiduciary movement. In the clarity of his descriptions of Life Planning, he has defined the standard of care against which banks and financial services companies will come to be measured as we move in finance from what he calls a century of sales to an era, global in reach, of empowerment for consumers, delivering freedom. This book is Kinders masterpiece.

Steve Conley, former Head of Investments for HSBC and former Chair of Bancassurance Steering Group of British Bankers Association Life Planning for You introduces you to Kinders famous 3 Questions and his EVOKE Life Planning process. The book has a free companion website that leads you step by step through the process, www.LifePlanningForYou.com. If you would like someone to guide you, the book and website will lead you to a directory of Life Planners trained to help you identify your deeply held goals and develop a Life

Plan with the financial architecture to fulfill it. The book and website also introduce you to BERT, the Back of the Envelope Retirement Tool, a simple, easy to use retirement calculator that, with just a few minutes work, can help you estimate how soon you can retire.
