

The Magic Medallion

Ken and his dog Spot are inseparable, of course, the fact that Spot can talk is a great advantage. Particularly when the duo are once more involved in an adventure . . . From saving orphans from Workhouses to helping an ancient Egyptian prince recover his treasure, through Roman camps at Hadrians wall and an English village during the Napoleonic Wars, Ken and Spot are always just in the right place at the right time. Or the wrong place, if you look at it from the point of view of the villains that they help to apprehend. Each story leaves the reader wondering what an earth can happen next. He could not even begin to guess! This is a story that takes Ken and Spot on an exciting journey to Africa to return a Magic Medallion back to the Ashanti Tribe. During this adventure Ken and Spot were pursued by 2 villainous Pygmies who were desperate to retrieve it to make use of its magical powers! Will Ken and Spot succeed in returning the Medallion to its rightful owners?
