

Ondine Quartet Companion Works (#0.5, #2.1, #2.2, #2.5)

** This collection is meant to be read after BILLOW (book 2)**A collection of shorter works each centering around a character from the Ondine Quartet series. Originally published as digital novellas, Ondine, Chevalier, and Warrior Prince are now in a single collection and available in print for the first time. This collection also includes The Gift, a bonus short story set within the Billow (Book 2) timeline.

ONDINERebellious and headstrong, sixteen-year-old Kendra Irisavie doesn't have much respect for authority. An Ondine with the powerful gift of Virtue, she uses her tough attitude and Empath magic to navigate through high school and keep others away. Because being an Ondine also means keeping secrets, Kendra and her mother are Rogue water elementals in the middle of an ancient war. They hide among humans, their survival constantly threatened by monstrous Aquidae demons. Along with a rigorous training regimen to mold Kendra into a lethal fighter, her mother has instituted four rules to keep her safe. Trust no one. Relationships are weaknesses. Emotional attachments are dangerous. Be responsible only for yourself. But when Kendra witnesses a classmate in trouble, she intervenes and her decision to break the rules comes at a price. Sometimes, humans could be more dangerous than demons.

Ondine is a short prequel novella for the young adult urban / paranormal fantasy series, the Ondine Quartet.

CHEVALIERWhat I did wasn't about staying within the lines. It was about crossing them. New York poses an unknown challenge to Julian LeVeq and Kendra Irisavie. Determined to help elementals gain traction in the war, they partner in the covert investigation of the elusive Shadow and plunge into the complex depths of the city. But when the First Lieutenant and sondeleur finally cross paths with the world of Manhattans

Aquidae, they find more than they bargained for. Chevalier is a short novelette set within the Ondine Quartet world and is from Julians point of view. The events in this work take place between Billow (book two) and Crest (book three). WARRIOR PRINCE Her beauty was as startling as a wildflower in an urban concrete jungle. It exploded around her, a vibrant, fiery wash of color amid a world of grey. A life straining to be free. This is not a short story, novella, or stand alone. It is a collection of scenes from Tristans point of view and is meant to be a companion work to the Ondine Quartet series. Warrior Prince features seventeen scenes from Whirl (book 1) and Billow (book 2). Seven are extra scenes that do not appear in previous books.
