

Short Stories and Small Miracles

With these inspiring autobiographical sketches, Jeane Schwarzkopf presents snapshots of an extraordinary life. From New York to the Hollywood stage, from rituals with native American elders in the desert to Rudolf Steiners work in Dornach, Switzerland, from participating in Mikhail Gorbachevs State of the World Forum to meeting the Dalai Lama, from studying breath work with Stanislav Grof to shamanistic work with Alberto Villoldo, Jeanes life has led her to deep and profound experiences of the reality of the spiritual world. She tells how she has come to understand that we can awaken to consciousness in multiple dimensions beyond the awareness of the merely physical world, and how we can use our heightened awareness to help, to heal, and even to alter the course of events around us.
