

So Many the Colors in the World: The Paintings of Andrea Scott

Paint, paper, water, brush. So many colors in the world await. With more than 80 full-color reproductions of watercolors by Andrea Scott, this book traces one painter's exploration of the nature of craft, art, and creativity. The path winds mostly through the Arcadian landscape of rural New England. Glimpsed along the way: a river falling over ledges of limestone, trees arched and elegant in October sunlight, a roadside barn on a hot afternoon, a hayfield bleached by summer sun. Andrea Scott lives and works in New York and Massachusetts. In addition to painting, she works as a writer, editor, and publication designer and consultant.
