

The Power Of Words: Words You Speak Create Your Reality (Power Thoughts)

Discover The Power Of Words Download your copy today Youre about to discover how to form your own reality based solely on your language and become a healthier, happier person. Well begin by discussing how words can mean drastically different things to different people. Certain words sound aggressive, others dismissive, or suggestive. We can never anticipate how our friends and family will react, and we know that if we use these on ourselves, we will live up to the failure they presume. Likewise for our friendsif you tell an old friend theyve lost weight, they may feel self-conscious about how heavy they were before. Never mind thats not what your words intendedthats how they were perceived. This book should help you understand how words can be used for the betterment of all of us. Well begin with the core of how we use language, as a means of social construction, and from there engage with how words can be re-shaped and understood. Then well discuss some easy ways for you to enhance your life by changing your common vocabulary to be supportive and helpful for yourself and others, including practical benefits like waking up happier, positively affecting your chances in a job interview, or aiding your friends in rough times. Here Is A Preview Of What Youll Learn... We Were Born Into Language Words As Creators Of Reality Ditch the Dictionary Our World Of Words Thoughts Create Reality Much, Much More!
