Through no fault of your own, you have become heir to the world's fury. These words hang in Mathon Brandons heart as he watches his father, a traitorous lord, concede to the wishes of a foreign king. Mathons home, the realm of the Starfel, is the dividing line between the great kingdoms of Feydren. The western world, once steeped in magic and secrecy, has been left in ashes after a world-shattering war. The eastern world, bent on conquest, turns its attention to the heart of Feydren as men vie for power. Other forces stir as well, for devils thought vanished threaten to return, to enter the world through the ancient Watchfires. Such devils haunt the dreams of men and wear the skins of the dead for their own. If you like gritty, epic fantasy by authors such as George R.R. Martin and R. Scott Bakker, you will love R.K. Walz's debut novel.
