

Spanish Made Easy: Present, Past and Future

We have created a different method that introduces an easier, more efficient approach to understanding present, past, future of every verb so you will know when to use the right tense depending on the time frame used in each situation. Also, the correct pronunciation of the verb will be at the bottom of each example. The book deals with different situations and vocabulary. Questions and answers will address such situations as going to the hotel, airport, restaurant, store, pharmacy, emergency, etc. In addition numbers, greetings, months, days, seasons, time, prepositions, articles, adverbs of time and pronouns and the phonetic pronunciation are also taught.
