

Nidus (The Nidus Trilogy) (Volume 1)

Half dead and with no memory, Seth Jackson washes up on mysterious island. He wakes up only to find himself alone, and with the tide rising. With no way off the island, he is forced to go deeper into the island to survive. But when he meets a young woman with as little memory as he has, the two must pair up to survive. And what he doesn't know is that the fate of the world is in the balance, and the only way to save it is in his past.
