

## Shark Tanked

When eleven year old Robert Bailey arrived at his family cottage near Lake Michigan, he expected a normal summer vacation: sand castles, thunderstorms, and mosquitoes. After discovering a treasure chest in an online video game, Robert and his best friend, George Ellison, go on a scuba diving adventure into the Great Lake. On their way to the water, they wander into an old red lighthouse. After an accident breaks a hole into the floor, they discover an underground labyrinth of tunnels, harboring a dark secret: the fusion of living sharks into man-made controllable machines. Robert and George must figure out how to save the Lake from the tortured mind of an evil genius.
