

Geordie Macrae Dont Scare Me!

Geordie Macrae is eleven years old. He enjoys school and has a very good friend called Tom. Life is fine, until one day, somebody says something to him which throws him into turmoil, even questioning whether his parents are involved in some wrong-doing. Geordie tells his best friend, Tom, what happened at school to upset him so much and the two boys are drawn into a very complicated police investigation, even danger. There are so many twists and turns that Geordie wonders if it is all real sometimes. His chief concern is to protect his parents.
